And wherean, an answer, dated on the 7th of Anguat late, (1953), was addressed to Geisreni Lee by General H. W. Halleck, the said general-in-chief of the armies of the United States, atleging sufficient causes for failure to make early reply to said letter of the 6th of July, asserting that "no sutheastic Information had been received is relation to the exemple of Mumford, but measures will be immediately taken to ascertain the facts of the alleged execution," and promising that General Lee should be duly informed this of.

And wherean, on the 28th of November last, (1983,) another letter was addressed, under my instructions, by Robert Ond, Confederate agent for the exchange of prisoners, under the cartel between the two Governments, to Lieuceann Coincel W. H. Laddow, agent of the United States under said cartel, informing him that the explanation promised in the said letter of General Halleck, of 7th of August last, had not yet been received, and that if no answer was sent to the Government within fifteen days from the delivery of this last communication, it would be considered that an answer is declined.

And wherean, by a letter dated on the 3d day

Lieutenant Colone! Ludlow apprised the said
Robert Ould that the above recited communication of the 19th of November had been received and forwarded to the Becreary of War
of the United States, and whereas this last delay of fifteen days allowed for answer has
elapsed and no answer has been received;
And whereas, in addition to the tacit admission resulting from the above refusal to answer,
I have received evidence fully establishing the
truth of the fact that the said William B. Mumford, a citizen of the Confederacy, was actually
and publicly executed in cold blood by hanging,
after the occupation of the city of New Orlsans
by the forces under General Benjamin F. Builer, when said Mumford was an unreleting and
non-combatant captive, and for no offence even
alleged to have been committed by him subsequent to the date of the capture of the said
city;
And whereas the allence of the Government

alleged to have been committed by him subsequent to the date of the capture of the said city.

And whereas the allence of the Government of the United States, and its maintaining the said Butter in high office under its authority for many months after his commission of an activate can be viewed in no other light than as a deliberate nurder, as well as of numerons other nurder, as well as of numerons other contrages and attractives bereafter to be mentioned, afford evidence too conclusive that the said Butter, and is determined that he shall remain unpunished for these orimes;

Now, therefore, I, Jefferson Davis, President of the Confederate States of America, and in their name, do pronounce and declare the said Butter hands and the state of America, and in their name, do pronounce and declare the said senions. P. Butter to be a frion, descring of capital positionant. I do order that he shall no longer be considered or treated simply as a public of the Confederate States of America, and that he has remembered kilonger, perhaps, than the sent of his copture, the offere in command of the capturing force do cause him to be immediately seasoned by hanging.

And I do further order that no commissioned officer of the United States, takon captive, shall be respassed on parole, hefore archange, nutting and butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with due punishing the said Butter shall have met with

the said Butler shall have met with due punishment for his crine.

And whereas the hostilities waged against this confederacy by the forces of the United states, under the command of said Benjamin F. Butler, have borne no resemblance to such warfare as is alone permissible by the rules of international law, or the usage of civilization, but have been characterized by repeated atrocities and outrages, among the large number of which the following may be cited as examples:

Peaceful and aged citizens, unresisting captives and non-combatants, have been confined at hard labor, with hard chains attached to their limbs, and are still so held in dangeons and fortresses:

Our mountains are magnificent, Our rivers are immense. And each man has a kingly style, If not a king's expense.

Our ships are known to all the world; The farms cannot be beat; Our cities, full of luxury, Are famous for the neat.

We've orators and authors, too, With intellects of force; We've railroads scattered everywhere; Am unit Professor Morse.

Our girls have beauty, wit, and grace, They're charming, sweet, and tall; But, then, the grantest thing we have Is known as great OAK HALL,
